Welcome to the
Novo Nordisk
Access to Insight
programme!

Supporting global
haemostasis research

**ACCESS
TO
INSIGHT**

For many years **Access to Insight**, the Novo Nordisk Haemostasis Grants Initiative, has offered exciting funding opportunities specially tailored to the needs of talented haemostasis physicians and researchers. The Core Faculty and Novo Nordisk have received excellent applications from all over world and are delighted that the initiative is able to assist so many outstanding projects.

The Access to Insight programme currently offers two types of funding:

- The **Basic Research Grant** which supports research projects focusing on basic and translational research in haemostasis
- The **Clinical Research Grant** which supports innovative haemostatic research on non-interventional observational studies focusing on patient outcomes, quality of life and social impact

Basic Research Grant

- up to €70,000
- 12-18 month period
- **Focus:** Basic science or translational research relevant to the understanding of the pathophysiology and treatment of haemostatic disorders

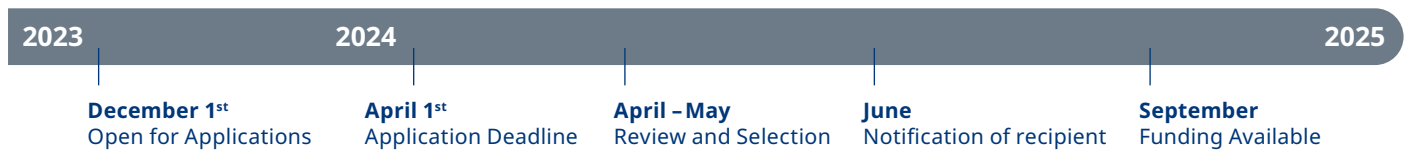

Clinical Research Grant

- up to €70,000
- 12 month period
- **Focus:** Innovative haemostatic research in rare bleeding disorders on non-interventional observational studies, focusing on patient outcomes, quality of life and social impact
